

MS Assessment Building Logistics
Manassas Park Middle School
Kelly Burcher
kelly.burcher@mpark.net

Hello Everyone!

Here is information regarding District Assessment Logistics:

- Buses will drop off and pick up in the large bus loop located between the middle school (assessment school) and the high school. (Refer to the map)
- You will take the long sidewalk to the double-door entrance. You will immediately see the welcome tables.
- A director or student helper will take you down the hallway next to the auditorium and lead you to the warm-up room (my choral classroom, room #1180).
- You will enter the auditorium through a single door, and this will place you stage right. You will walk on stage from stage right.
- You will exit stage left, and proceed to the band room (room #1181) for sight-reading.
- You will travel back down the same long hallway next the auditorium and proceed to the big bus loop for pick up.

**** If your assessment performance time falls between 1:30pm-5:15pm on either day:**

- You will drop off and pick up at a different door to accommodate regular dismissal for MPMS students. This drop off and pick up location is a **double-door entrance on the front side of the school**. These doors are located between rooms 1165 and 1163 (Look for “Alternate drop off” on map – The doors do not have numbers, but the classroom windows beside these doors do) Buses will have to turn around, then park in the gated bus lot in the back (no parking in the big bus loop at this time).
- A director/student helper will greet and direct you to the welcome tables.

Bathrooms:

- Refer to the map for the bathrooms that will be available. Student helpers can help direct your students to this location.
- Our bathrooms do not contain any mirrors. All mirrors are located in the hallways.

Notes for bus drivers, guests, and other transportation notes:

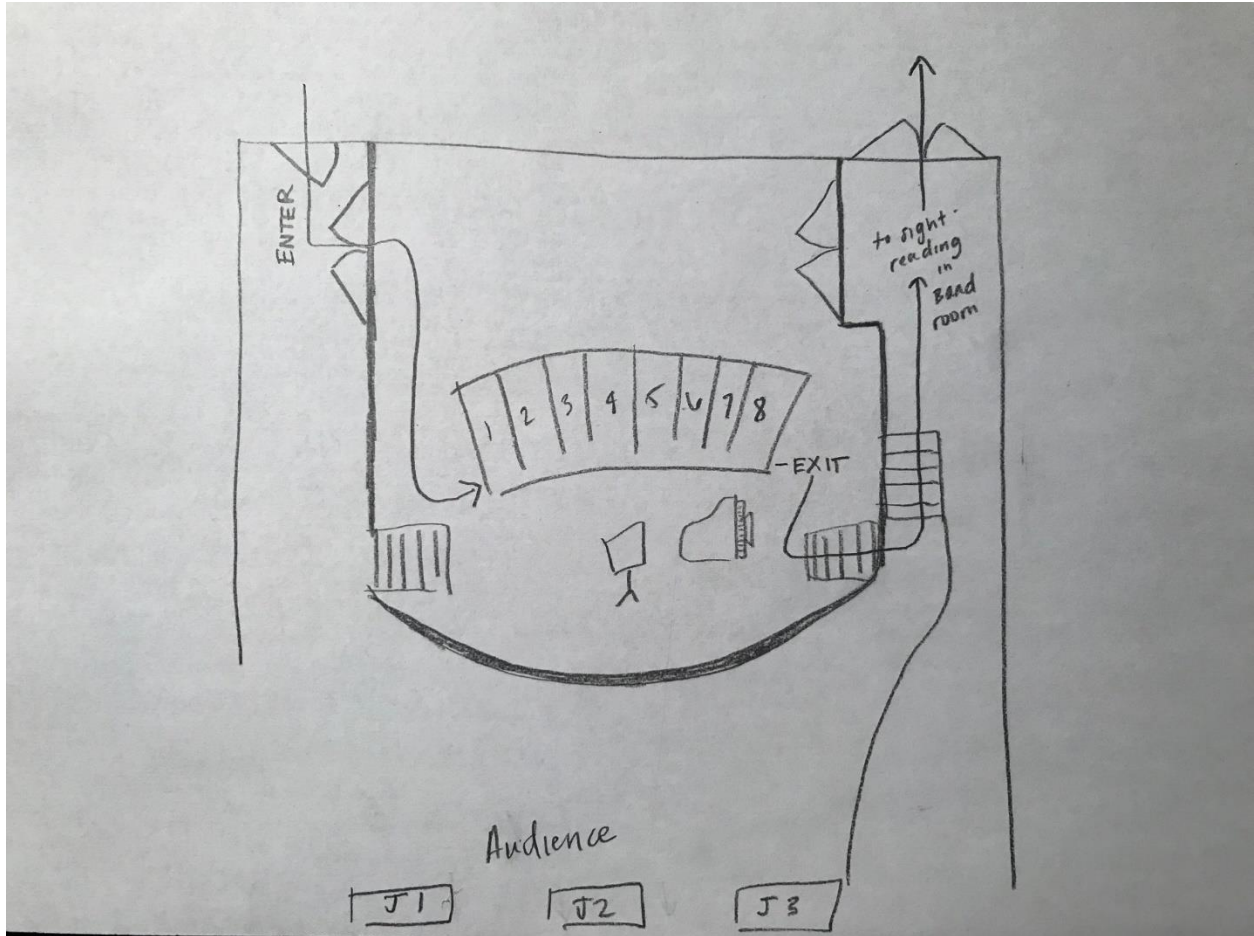

- Guests may park in the front of the building or on the street.
- Emergency/overflow parking for buses is location behind the middle school in the gated bus lot.

If you have any questions, please email me at kelly.burcher@mpark.net.

Stage Map

There will be 8 risers on the stage, 5 sound shelves, and a baby grand piano.

There will be 5 risers in the sight-reading room with an upright keyboard.
